IN MEMORIAM

CARL A. THUNBERG

1908 - 1967

In its long history, few men have served the Town of Canterbury better, or were more beloved, than the late Carl A. Thunberg. In the twenty-one years that he was a Canterbury resident, he served as Selectman for six years, he was the town Moderator for sixteen years and Moderator of the School District for eighteen years. He served on the Planning Board for ten years, on the Budget Committee twelve years and the Board of Adjustment for three years. He was a member of the Volunteer Fire Department and was a leader in the rebuilding of the Community Church in which he served as Moderator.

We are deeply grateful that he was here with us as a leader and friend. Canterbury is a better place as the result of the example he set and his leadership in every aspect of the life of the community.

The third paragraph as amended would read: Zone B shall combine the Seasonal or Recreational zone, which shall include all land within three hundred feet of the shore of Rocky Pond, Forest Pond, Lyford Pond and Clough Pond, or any body of water covering more than ten acres. Any property within three hundred feet of a public right of way and also within three hundred feet of three ponds will be considered to be in zone B. Accepted as read.

Article Two Section 2 Amend the first sentence by striking out the words "or structure intended for use as a dwelling" and substitute these for the words trailer or Mobile home. The amended within would then read: No building, trailer, or mobile home shall be erected or moved to a new location, and no such existing structure shall be enlarged without first obtaining a permit confirming to the terms of this ordinance, duly granted by the administrative authority, to whom adequate informa-

tion and plans of the proposed building structure or alteration shall be submitted. Recommended this article be recommitted to the zoning board and report made at the next annual meeting.

Amend to read \$15.00 maximum for non residential form buildings accepted with this amendment, Amend Section 8 by deleting in its entirety and substituting these for the following: The Board of Selectmen, as the administrative authority, may appoint annually an agent to assist it in investigating applications for permits or enforcing the terms of this ordinance. It shall specify the duties and responsibility of such agents and it may, on a majority vote, discharge such agent and appoint another person as agent. It shall be the responsibility of the applicant for a building permit, to construct the building in accordance with the submitted plans and information for which the permit was granted. No agent of the administrative authority shall have the power to grant or permit variances from such plans without specified approval of the administrative authority. Accepted as read.

Article Two Section 9. Amend Section 9 by deleting it in its entirety and substituting therefore the following: A building permit will be valid for a period of one

year and may be extended for a second period of one year, for an additional fee of \$5.00 if in the judgment of the administrative authority additional time is required to complete the building (See Article XII Section 5) for definition of a completed building as applicable to this code. Nothing in this ordinance shall prevent a property owner from being the builder or prevent the property owner and his family from living in the structure during construction even though the building does not conform to all building regulations prior to completion, except those regulations pertaining to septic tanks and sewage. Accepted as read.

Article Three Section 2. (As previously amended). Delete from the first sentence the words "for each building requiring a building permit." Add in lieu thereof another sentence: "One house lot shall be required for each domicile, mobile home, or trailer." Section 2 as amended will then read: "House lots shall include at least one acre of land with at least 150 feet frontage on a right of way. One "house lot" shall be required for each domicile, mobile home, or trailer." Accepted as read.

Article Nine Section 3. Amend by changing the word "three" in next to the last line to "one." The section as amended would read: Any non-conforming building barred from further use under Article IX Section 1, may be made to conform if a building permit is issued by the administrative authority for the necessary building alterations and such alterations are completed within one year from the date of issuance of the permit. Accepted as read.

Article Ten Section 1. Amend by adding after the last word of the second line ("Selectmen") the words "or their duly authorized agent." 1966 TOWN MEETING

(Omitted from 1966 Town Report)

Article Twelve — The following resolution was adopted:

Whereas Arthur G. Brown was first elected to the Board of Selectmen in 1941, and has held that office in this town since then, his excellent record of 24 years speaking for itself;

Whereas he was a part of the development of this town as it went from a small farm town to a desirable residential area, it being to his great credit that the town stayed solvent and debt free during his tenure, and *Whereas* the roots of Arthur G. Brown are buried deep in Canterbury soil, and every decision he has made during his Selectman years has been motivated by a desire to serve Canterbury and all of its residents well and honorably; Be it therefore resolved that, in appreciation of all he has done for the town, the minutes of this meeting record our gratitude for his service over the many years, and that we show our thanks to him by rising and giving Arthur G. Brown a standing ovation.

Ovation heartily given.

CEMETERY COMMITTEE REPORT

Although we are still experiencing a manpower shortage the cemeteries were kept in reasonably good condition during the past summer.

The previously paved roads in Maple Grove Cemetery were recoated during the summer. 13,520 square feet of the newly acquired section has been loamed and seeded. This represents approximately 300 grave sites which will be adequate for several years to come.

In the near future we hope to have the remaining cleared section loamed and seeded to facilitate moving and enhance the appearance of the entire cemetery. A 260 foot section of wall remains to be completed as soon as finances permit.

REPORT OF THE CANTERBURY FUND

Canterbury residents were fortunate during 1967. There were no personal disasters that could not be met financially and no requests for aid were made to the Canterbury Fund. It is hoped that this will continue and that the Fund will be built up so that it can be of real aid in case of necessity.

The 1967 Canterbury Fair was highly successful and as a result the Fund received a donation of \$1,750.00 from the Fair Committee. One other donation of \$25.00 was received. The financial status of the Fund:

Balance in banks, December 31, 1966	\$2,002.19
Interest received	\$83.67
Donations — Fair Committee	1,750.00
Other	25.00
	<hr/>
	1,858.67
Total	<hr/>
	\$3,860.86
Expense — Orr & Reno — Legal Fee	25.00
	<hr/>
Balance in banks, December 31, 1967	\$3,835.86

The Internal Revenue Service has ruled that the Canterbury Fund is a tax exempt organization and, consequently, it will pay no income taxes and donors to the Fund may deduct donations in computing their personal income taxes.

The conditions under which the Fund may render assistance to Canterbury residents were detailed in the 1966 annual report. Applications for aid may be made to any of the Trustees or to any member of the Loan Committee, — Mrs. William N. Colburn, Mr. John W. Hugron, Mrs. James W. Lilly, Mr. Douglas L. Ruesswick and Mrs. Wilbur E. Thompson.

ELKINS PUBLIC LIBRARY

Trustees' Report

It is evident to all who pass by Elkins Library that someone has been hard at work on the final stage of the installation of the plumbing and septic system for the library lavatory; Andrew Fowler has done a splendid job of restoring the portion of the lawn disturbed by this installation. Our town has every right to be proud of this long needed improvement.

Once again we extend many thanks — to special volunteers Linda Fife and Lois Stickney, who organized the staffing of the library on Thursday evening and during school periods; to Marion Rudkin, in particular, and others of you who have given books to us; to each of you who gave of his ever-more-precious time to help in staffing, weeding, mending, and cleaning our library.

Several trustees and Friends attended the book selection conferences presented by the State Library this year. We are grateful for the many aids the State increasingly makes available to us.

The Used Book Sale at the Canterbury Fair netted \$317.78, which has been designated for a record player and records. Any suitable records will be welcome as gifts to the library.

The trustees, under Ned Whaley's guidance, continued weeding and cataloging; in the near future we hope to get some help in reorganizing our library, and a "master plan" for helpers so that we may more profitably include the Friends and the Junior Friends in our efforts.

Our greatest concern at the moment is the very real problem of space. One entire section of bookshelves is virtually inaccessible because of overcrowding. Nowadays the tables are in constant use for display. We hope to always be able to purchase adequately for our library;

however, to what avail, if there is not room for proper display, storage, and work? Nor is there room for our young people to properly use the reference books in the building, as they must.

Our solution? Renovate the cellar. We have a good solid cellar and a furnace with enough capacity to heat it. It seems only sensible to us to use it rather than consider an addition to the building at this time. There is an article in the warrant for \$3,000 for the renovation of this cellar; this figure was arrived at after consultation with four reputable contractors, and we ask your support of the article.

If the town funds this project, we should realize about 500 square feet of shelf space, and almost double our usable floor and table space.

REPORT OF PLANNING BOARD

Over the past year, the Planning Board has met regularly on the second Thursday of each month except August at the Selectmen's office. It will continue to do so during the next year. Such meetings are open to the public, time 7:30 p. m.

Consideration was given to certain amendments of the Zoning and Building Ordinance. This resulted in the submission of four such amendments for the action of the citizens. It is the unanimous recommendation of the board members that the town take affirmative action.

The Board continued its efforts toward the ultimate utilization of the industrial site located west of Interstate 93, having met with local and federal officials in the process. We make no recommendations at this time.

Met with and advised persons interested in subdivision and have joined with board members in the cities and town surrounding Canterbury in the interest of long range planning.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the members of the School Board, Parents, and Citizens:

During this year it has been possible to assign one grade per teacher in the Canterbury School. This is the first year in which there has been no combining of grades in a classroom. This is a very desirable situation and one which we hope may be continued.

Improvements on the school plant continue in a planned and orderly manner. Interior painting was continued with two more rooms being completed. Water softening equipment was installed and seems to have solved our problem. Improvements in the plumbing of the school were also completed while making this installation.

Grading and blacktopping was completed on portions of the grounds and some playground equipment was relocated. A large portion of the cost of this project was borne by the Pettengill Fund. Mrs. Fifield and her committee supervised this project. Their planning assures better use of the play areas and playground equipment.

We are fortunate to have an experienced teaching staff with a sincere interest in their work with the Canterbury children. Pupils receive training in the basic subjects and benefit from other educational opportunities in such areas as art and music. In fact, special note should be made of the elementary school band which has been formed and is being directed by our principal Mr. Luther M. Copp.

Again it is a pleasure to report a year of successful operation of our school system and to express appreciation for the cooperation and assistance of the school board and the entire staff in making this possible.

RAYMOND E. MORTON,
Superintendent of Schools

REPORT OF CANTERBURY SCHOOL BOARD

Progress continued to be made in the Canterbury School District in three basic areas during the past school year, education, administration and plant facilities.

Education

In the educational area continued upgrading of course work, particularly in the field of reading and mathematics, was the primary goal of Principal Luther M. R. Copp and his staff. The overall experience level of the teaching staff continued to increase, even though three teachers were replaced after the close of school in June.

The board believes it is fortunate in having had an opportunity to retain the services of teachers with 31 years, 3½ years and 4 years experience, and all fully certified by the State Department of Education.

In an ongoing effort to improve the reading level of children in all grades at Canterbury School, the summer reading program was held again in 1967, under the direction of Mr. and Mrs. Copp, and through the assistance of the Canterbury PTA.

In addition to basic subjects, children at Canterbury School have been able to participate in instrumental and vocal music classes, art classes, and physical education classes during the past year. A regular art teacher was located and joined the staff in December. The music classes were conducted by the staff, as was the physical education.

The participation of Canterbury's children in these activities has made it possible for them to be able to take part in similar but more advanced programs in their secondary schools. Several Canterbury students are in

the Tilton-Northfield High School Band, and others are on the boys and girls athletic teams.

Many Canterbury students this past year, as previously, also achieved honor roll grades in secondary schools that they have been attending.

Administration

The Canterbury School Board and members of an appointed study committee continued through the year to work with the Winnisquam Regional School Board in trying to arrive at a feasible plan for annexation into their cooperative. The result of this 16-month study has been a proposal for annexation unanimously endorsed by the board and study members.

The board expresses its gratitude to those members on the study committee who assisted in the preparation of this program, former board members and chairman, Mrs. Mary Ellen Fifield and Douglas Ruesswick, and Mrs. Miriam Hill and Louis Flanagan.

Plant and Facilities

The Canterbury School Board continued to work at several nagging problems of several years' duration during the past 12 months, and succeeded in alleviating some of them.

A water softener and purifier was installed during the summer months and has proved to be beneficial not only to the students and the teachers at the school, but to the custodial staff as well, eliminating persistent plumbing problems caused by the excessive iron content of the water.

Another major step toward cleanliness and better morale was taken with a program under the direction of former Board Chairman Mrs. Fifield. With funds from the Pettingill Trust, and from district's general main-

tenance budget, an area of about 50-feet square was blacktopped at the immediate rear of the school. Several truck loads of gravel were hauled in, and spread in a new playground area at the rear of the building where drainage is better, and the playground equipment was relocated in the same area. All these things should help keep to a minimum the so-called "mud-problem" that the school has been plagued with for years.

In addition to these projects, the regular programs of maintenance and painting were continued so that with the painting of two rooms at school this year, all rooms will have been painted during the past four years.

The Board at this time would like to express its gratitude to Principal Copp and his dedicated staff, to Superintendent Raymond Morton and his staff, to the bus drivers, Mr. John Margerison, Mr. Carroll Foster, and Mr. Lucien Hildreth, to our custodian, Mrs. Hildreth, to our maintenance supervisor, Mr. Vernon Lee, and to the many townspeople whose cooperation has made the board's work just that much easier.
